

## Submission of Contract Data with Nonprofit Organizations

It's that time again. The Department of Audits and Accounts is compiling a listing of all contracts initiated and contract payments to nonprofit organizations made between July 1, 2023, and June 30, 2024. This information will be included in the Report of State Organization Contracts with Nonprofit Organizations for the year ending June 30, 2024.

The Report of State Organization Contracts with Nonprofit Organizations will indicate which state entities and any administratively attached state organizations did not comply with O.C.G.A. §50-20-5. The report will be provided to the General Assembly in late 2024 for the 2025 session.

To summarize the information before presenting it to the General Assembly, we request that you submit your NPO information no later than **September 23, 2024**. For more details, please access the [Contract Data Submission Memo to State Agencies](#) located on the DOAA website.

### **What else do I need to know?**

- The deadline to submit your NPO information is **September 23, 2024**, and the system will close on October 22, 2024.
- You can access an [overview PowerPoint here](#).
